| Jul. 06: | 4.3% |
| Change: | -0.8% |

Jobs created (Jul. 04 - Jul. 06): 37,300

Notes:

- 1) A November 2003 to July 2006 comparison was not used because such a comparison may statistically skew the data. Unlike statewide data, regional data is not seasonally adjusted because of its sample size. As a point of reference, however, the seasonally adjusted statewide unemployment rate fell from 6.8 percent in November 2003 to 6.2 percent in July 2004.
